Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
1133 & 1135	3T Equipment Company, Inc.	Thomas	Sutliff	800-969-3001	Equipment used in The Evaluation and maintenance of pipeline, sewer, storm water.
1012	5 Star Filtration	Jay	Stevens	936-588-5033	Title 22 certified, 5 Star provides superior solids reduction in its Cloth Media Disk Filter. FSF retrofits and updates filters with NO hydraulic profile changes.
513	AB Energy USA	Maria	Farris	973-957-0418	Manufacturer of CHP Unit.
1022	Absolute Aeration	Grace	Corbino	386-233-5074	Blue Frog system is hybrid anaerobic digestion system that creates radial outflowing currents increasing the biological activity utilizing minimal energy consumption.
810 & 812	Accurate Air Engineering, Inc.	Jack	Roby	562-356-8342	For more than 55 years, Accurate Air Engineering has been on the leading edge of compressed air solutions. Our specialty is designing energy efficient composed air solutions that can meet our clients future and current air requirements.
710	ADS Environmental Services	Rob	Larson	858-210-5387	ADS is a leading manufacture of Sewer Flow Monitors, Rain Gauges, and Overflow Monitoring and Alarming Systems. ADS also turn-key field and data services.
1014	Aerator Solutions	Jeff	Arnold	815-623-5111	Meet the leader in aeration technology. Aerator Solutions is a top provider of aerators and mixers for industrial and municipal wastewater treatment operations.
1011	Aerzen USA Corporation	Kevin	Grant	610-380-0244	Leading manufacturer of PD, High Efficiency Hybrid, and Turbo Blowers. Come by and talk to us about which technology is right for your application.
215	American Industrial & Municipal Services, LLC (AIMS)	Robert	Spragg	602-237-0292	Pipeline Video Inspection, hydro blasting, Hydro Excavation, abrasive blasting and coatings.
911	American Process Group Inc.	Bryan	Carroll	780-963-1484	Specializing in Lagoon Dredging, Digester Cleaning and Dewatering of municipal biosolids, water treatment backwash solids and industrial and food processing wastewater sludges.
914	Aquadyne Associates	Alex	Ambrosi	415-460-6393	Screens, grit removal, solids thickening & dewatering, TSS instrumentation package plants, blowers, combination air valves, controls & telemetry.
908	Aqualitec Corp	Erwan	Ouattara	310-926-3118	Aqualitec provides a wide selection of cost-effective, innovative wastewater screening equipment and sludge treatment solutions. From wastewater screens to washer compactors, grit classifiers, belt filter presses, gravity belt thickeners and landfill leachate to water treatment, our products are designed to fit your existing infrastructure with minimal adjustment while saving you thousands on maintenance.
1717	Aquarius Technologies	Kirk	Wessel	262-268-1500	Providing innovative water treatment solutions to meet the needs of global and industrial customers for diffused aeration and biological systems.
1714	Aquionics	Bob	English	513-833-0456	Municipal Waste Water and Drinking Water UV Disinfection - 3rd party validated using USEPA, DVGW and NWRI Reuse Protocols.
907	Armorock	Michael A.	Bussio	949-371-3297	The structural, sustainable, corrosion-proof solution to corrosive sewer environments.
1115	AW Chesterton	Cam	MacNeil	780-446-4574	Manufacturer of Mechanical Seals, Packing Protective Coating, Industrial Lubricants, MPO Solutions, Repair and Installation Services.
1014	AWC Water 360	Mike	Morris	360-386-1396	Original Equipment Manufacturer of "packaged" water and wastewater treatment plants. Conventional flocculators, clarifiers, and rapid rate gravity filters / pressure filters. Micro-Filtration, Ultra-Filtration, Nano and RO Membranes. Standard and custom plants are available based on client's needs.
1020	Babcock Laboratories, Inc.	Cathy	Iijima	951-653-3351 (235)	Full service California state certified environmental laboratory with capabilities to provide Drinking Water, Groundwater, and Wastewater analyses, while focusing on customer services needs.
212	BakerCorp	Andrew	Romano	562-244-9781	Providing integrated custom design liquid and vapor management backed by industry knowledge, application expertise and a commitment to customer service since the 1940's.
1011	BioRem	Mike	Harman	678-697-9722	
723	Blacoh	Christain	Pierce	951-342-3100	Blacoh Fluid Control is the industry leader in pulsation dampeners and industrial fluid system products since 1976.
915	Bray Sales Southern California	Ralph	Forte	909-937-1624	Butterfly, ball and knifegate valves, controls valves, valve actuators and accessories, stem extensions, filter cartridges, check valves and loading arms.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
1010	Brentwood Industries	Frank	Cosolito	484-651-1418	Brentwood designs and manufactures products for diverse global industries, including engineered water and wastewater treatment and solutions such as non-metallic chain and flight scrapers, tube settlers, trickling filters, submerged fixed-film media, and sediment dredge systems.
916	BSK Associates Laboratories	Cyndi K.	Moore	951-295-6123	BSK Labs provides analytical services to a variety of markets. BSK specializes in water quality chemistry, wastewater discharge compliance, storm water runoff, groundwater monitoring and solid waste characterization.
634	California Environmental Controls, Inc.	Michael	Kennedy	562-945-3425	Manufacturer's rep for water and wastewater pumping and treatment systems.
622	Charles P. Crowley Company	Jon	Crowley	626-856-5656	Charles P. Crowley Company is an exclusive manufacturers' representative for leading equipment manufacturers in the municipal water and wastewater, industrial, petrochemical, power and OEM markets.
1005	Coombs Service Group	Erin	Moose	760-738-9500	Specializing in the inspection, installation, maintenance, start-up, service, rebuilds, repairs & retrofit of treatment equipment inside existing water & wastewater treatment plants.
1009	CST Covers; a Division of CST Industries	Hector	Moreno	310-353-5140	CST Covers, formerly Temcor/Conservatek, designs, fabricates, and installs aluminum domes, reservoir covers, and extruded and formed flat cover solutions for all wastewater applications. www.ctscover.com
1730	Cues	Terri	Mooney	800-327-7791	CCTV Sewer Inspection Equipment.
1119 & 1121	D&H Water Systems and Blue White Industries	Brian	Doane	760-722-6893	Chemical feed and disinfection, potable water circulation, waste water dewatering, THM removal, water hammer and fabricators of quality high grade skid systems.
314	Dakota Pump	Bob	Sebert	605-996-6636	Manufacturer of project specific water and wastewater handling equipment. Sewage lift stations, water boosters and water control vaults.
1007	Daniel Company	Alex	Hujdas	909-982-1555	Daniel Company is the premier manufacturer of Odor Control Systems in the United States. We specialize in the design and manufacturing of biological scrubbers, biofilters, chemical scrubbers, and carbon absorbers.
1122	Delta Products Corporation	Jason	Hartman	858-663-5728	A PLC based pump efficiency solution that utilizes a cloud based communication technology and local HM1 Control.
626	Denali Water Solutions	Chris	Marks	760-801-3175	Full service residuals and biosolids management providing multiple benefit reuse options tailored to each facility's needs, as well digester and lagoon cleaning services.
1132	DN Tanks	Sean C.	Sudol	619-270-4574	DN tanks specializes in the design and construction of AWWA D110 wastewater, chilled water and other liquids.
722 & 821	Downstream Services	Loren	Roberts	760-746-2544	Downstream Services, Inc. of Escondido, California is a unique Small Business Enterprise offering sewer and storm drain maintenance services ranging from trenchless pipe lining technologies to long range CCTV sewer and storm water pipe assessment inspections.
1704	Duke's Root Control, Inc.	Lynn	Heffron	315-472-4781	Duke's Root Control does it all, providing the best chemical root control product available. applied by the most professional crews in the industry.
530	DXP Cortech Engineering	Marc Anthony	Sanchez	714-779-0911	Pumps and process equipment.
205 & 207	Electro Scan Inc.	Carissa	Boudwin	916-779-0660	Next generation pipeline condition assessment technology, available exclusively from Electro Scan Inc., locates and measures leaks - in gallons per minute!
1611	Emerson Process Management	Amy	Lederer	412-963-4236	Emerson offers system-wide solutions for water/wastewater infrastructures. They include Ovation remote SCADA applications, embedded advanced control, predictive maintenance, instrumentation and optimization solutions.
213	Enviro Products West Inc.	Linda	Deunay	888-959-2937	Xerses Fiberglass Grease Interceptors and StormWater tanks, Grease Guardian Stainless Steel Grease Removal Devices, Fog Enforcer Grease Traps, Oil Inceptors , Decontamination tanks, Pumps, Controls, Booster systems.
214	Enviro Suite	Sharon	Paterson	424-335-1331	EnviroSuite is a Software-as-a-Service platform for environmental risk management. It allows you to easily make sense of complex air quality, odor and water data.
1015	Enviro-Care	Alan	Spratt	815-636-8306	Enviro-Care Company, a member of the WAMGROUP®, supplies screens and solids/grit management equipment to the North American water and wastewater markets
1419	Environmental Express	Melissa	Donigan	843-375-2726	Laboratory Supplies for Water Testing, including BOD, COD, Filters, Distillation, Vials and Standards
515	Environmental Operating Solutions, Inc.	Julia	Horenstein	508-322-3101	MicroC is a line of premium carbon sources used for removal contaminants such as nitrogen, phosphorus, perchlorate, and selenium.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
925, 926, 927, 928, 929, 930, 931 & 932	Environmental Rental Services	Chris	Rasmussen	562-533-4635	ERS sells, rents and services sewer trucks, hydro excavators, and street sweepers. Authorized distributor for Vacall equipment and Keith Huber products.
1227 & 1229	Environmental Water Solutions	David	Sperber	310-763-7929	Odor control, digester gas, treatment and compression pumps lift stations, process and mechanical equipment wastewater.
316	Eurofins	Jorge	Ramrez	714-895-5494	We are a full service environmental testing company offering analysis of groundwater, stormwater, soil, hazardous waste, marine chemistry as well as vapor/ambient air.
1124	Evantec Scientific	Ralph	Nelson	949-632-2811	Laboratory Equipment & Supplies
107	Evoqua	Tony	Orchard	909-837-9908	Evoqua Water Technologies is the global leader in helping municipalities and industrial customers protect and improve the world's most fundamental natural resource: water.
114	Evoqua	Dan	Trybulski	909-837-9908	Evoqua Water Technologies is the global leader in helping municipalities and industrial customers protect and improve the world's most fundamental natural resource: water.
314	Fairbanks Nijhuis	Jerry	Eaves	916-474-1203	The new Pentair Fairbanks Nijhuis offers the industry's most complete custom engineered set of solutions, products and services to municipalities. A wide variety of pumps and controls will serve Water Supply, Sewage Handling & Food Control. Manufacturing operates primarily out of Kansas City, KS USA & Winterswijk, The Netherlands. The combination of our two world-class engineering & manufacturing groups, with over 200 years of combined expertise, is a win for customers around the globe.
1719	FKC	Wes	Bond	360-452-9472	Industry leader in rotary screen thickeners and screw presses
1702	Flexim Americas Corporation	Heather	Condon	631-492-2300	Non intrusive flow meters for liquids and gasses.
312	Flo-Systems Inc.	Elmo	Dagondon	818-562-5282	Flo-Systems, Inc., a recognized leader representing prime manufacturers in the sale of municipal process equipment, pumps, blowers, controls/instrumentation and flow measurement.
0	Flow N Control, Inc.	Catherine	Jones	818-330-7425	Manufacturers representative of pumps & controls in the Wastewater/Water Industry for Southern California and Southern Nevada region
820	FlowWorks	Trent	Kamins	206-320-9939	
1109	Ford Hall Company, Inc.	Joy	Lowery	859-624-1077	Weir Wolf automated brush system for classifiers and thickeners.
311	Fournier	Steve	Oftelie	952-288-5771	The Fournier rotary press dewatering equipment features low power usage, low level noise levels, very little impact water use and a compact footprint. Call 952-288-5771
1008	GE Water	Allen	Chris	208-319-3512	GE's Water and Process Technologies business brings together experienced professionals and advanced technologies to solve the worlds most complex challenges related to water availability, quality, productivity, the environment and energy.
1608, 1610, 1612, 1614, 1616, 1618, 1620 & 1622	Gierlich-Mitchell Inc.	Ryan	McCloskey	714-236-6070	Manufacturers representative.
209	Goal Productions, Inc.	Robert	Ballo	818-588-3900	GOAL is a full service, high-end, boutique video production company. We collaborate with water utility clients to understand your objectives and creatively convey your stories.
917, 918, 919, 920, 921 & 922	Goble Sampson Associates	David F.	Ritter	801-268-8790	Water and Wastewater Treatment Equipment.
1113	Gripper Gasket, LLC	Chris	Vansell	951-479-4954	Maxadapter coupling are designed for most types and sizes of gravity flow, non pressure sewer/ drainage pipe.
721	Grundfos	Dave	Weinbaum	858-210-5111	From raw water intake, drinking water treatment, water distribution, flood control, and wastewater treatment, Grundfos is a full line supplier of reliable products for each application.
632	H & R Plumbing and Drain Cleaning, Inc.	Horacio	Franco	510-222-5556	H & R Plumbing and Drain Cleaning, Inc. is a certified applicator for Madewell Products. Our services varies from bricks or concrete manhole rehabilitation.
1026, 1028, 1030, 1032, 1125, 1127, 1129, & 1131	Haaker Equipment Company	Robin	Haaker	909-598-2706	Vactor Sewer Cleaners, EnviroSight CCTV Camera Equipment, Sewer tools and nozzles.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
808	Hach	Kevin	Menning	970-227-2164	Water analysis instruments and control systems, laboratory chemicals.
111	Hallsten Corp.	Gary	Powell	800-473-7440	Hallsten Corporation is a Designer and fabricator of aluminum structures with particular experience in environmental aluminum covers, floating docks, marine gangways, and other spanning structures.
130	HD Supply Waterworks	Jeff	Everett	760-744-5600	Distributor of water and wastewater products.
1221	Helix Laboratories, Inc.	John	Harrell	925-984-6000	Grease and H2S control solutions.
212	Henry Pratt Company	Maria	Coyne	630-844-4083	Product Banner Stands.
1715	Heron Innovators	John	Barsotti	916-408-6601	Fabricator of the flotation tanks, proprietary micro-bubble SAF generators.
307	Hibbard Inshore, LLC	Kristopher	Embry	412-999-4783	Hibbard Inshore performs underwater inspection, marine surveys and specialty construction using Remotely Operated Vehicles (ROV's) to define and mitigate risks to underwater structures.
313	Hidrostal	Brent	Bailey	630-890-9995	"Hidrostal Pumps", the "Original Screw Centrifugal Pump", is the industry leader in solids handling sewer pumps. For over 60 years, Hidrostal has provided wastewater marketplace with a true "non-Clog" pumping solution that incorporates large solids handling with self cleaning wet well technology.
806 & 905	Hopkins Technical Products, Inc.	Richard	Hopkins	925-240-2160	Chemical Feed Specialists – Metering Pumps, Hose Pumps, Polymer Activation and Feed Equipment, Submersible Mixers, Chlorine Analyzers, SolarBee Mixers, Gas Feed Equipment and Tonka Water.
1018	Hycura	Jonathan	Lee	403-399-9574	Hycura products treat bio-wastewater, digest sludge, create reusable treated water for all natural fertilization and can generate a new renewable energy resource.
718	Idexx Laboratories, Inc.	Jamie	Brunelle	207-556-3091	We provide water products. Testing for wastewater, drinking water and on-premise water.
106	Invent	Delia	Pertrula	973-571-2223	INVENT develops, produces and globally implements innovative components, systems and processes for the treatment of water and wastewater.
1709	IPEX USA, LLC	Brian	Cayton	704-796-4679	PVC Pipe, Fittings and Engineered Products, Water & Wastewater.
807	ITpipes	Carrie	Bugner	419-306-7822	ITpipes enables clients to collect, analyze and manage CCTV and pipeline inspection information. ITpipes has automated, comprehensive integration to GIS/ESRI and AMS systems.
1141	JB Water	Victor	Tarn	916-933-5500	Representing Fibracast MBR, Anaergia Omnivore High Solids Digestion, Cloacina Package Treatment Systems, Orthos, Sodimate and Triplepoint Lagoon Treatment Systems.
1228	JB Water	Victor	Tarn	916-933-5500	Representing Universal Blower, Piller Mag Bearing Turbo Blower, Pall Microfiltration, Veolia Kruger, Desalitech and Clearstream Environmental.
1230	JB Water	Victor	Tarn	916-933-5500	Representing OTT North America High Efficiency Aeration, BioAir Biological Odor Control, Hydro-Dyne Screening, GEA Centrifuges, and Amiad Filtration
1232	JB Water	Victor	Tarn	916-933-5500	Representing Calgon UV, Duperon Screening, BluelnGreen Gas Dissolution Systems, DBS Clarifier Drives, ECS House Lagoon Aeration and Enduro Composites.
1329	JB Water	Victor	Tarn	916-933-5500	Representing Franklin Miller Grinding and Screening, Biospark Gas Conditioning, Viking Chain, Gryphon Dryers, Komline Sanderson and Velocity Dynamics Polymer Blending.
1331	JB Water	Victor	Tarn	916-933-5500	Representing WSG & Solutions Screening, PWTech Volute Screw Press, ETS Evoqua UV, JDV Equipment, Lutz-Jesco Metering Pumps and MRI Plate Settlers.
1521	Jensen Precast	Danielle	Rizzuto	775-352-2700	Jensen Precast designs and manufactures standard and custom precast concrete products to meet large-scale infrastructure demands for highway construction, retaining walls, electric and gas utility, telecommunications, water, on-site wastewater, and sewage applications.
112	Jim Myers & Sons	Joanne	Scherf	704-554-8397	JMS designs and manufactures equipment for water and wastewater treatment
113	JWC Environmental	Peris	Lozana	800-331-2277	JWC Environmental designs, builds and services the world's most dependable waste shredders and screening systems to help our customers solve challenging waste reduction and recycling applications.
110	Kaesar Compressors	Al	Moreno	540-898-5500	We offer a complete line of compressed air system products including rotary screw compressors, oil-less reciprocating compressors, rotary lobe and screw blowers
628	Kapsch TrafficCom USA, Inc.	Anne	Oesterling	925-225-1600	Kapsch TrafficCom specializes in technology, solutions and services for the markets of process automation and control, SCADA, rail solutions, and Intelligent Transportation Systems (ITS).
822	Kemira	Ingrid	Skold	678-819-4693	Leading applications and chemistry for water, wastewater and sludge dewatering.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
1711	Kusters Water	Jim	Weidler	205-987-8976	Industry leader in headworks and clarification.
1718	KWS Environmental	Jimmy	Dufinetz	817-295-2247	A major U.S. based manufacturer of wastewater conveying equipment. We are unique in the scope of our capabilities to meet the needs of customers in this industry.
1716	Lakeside Equipment	Jim	McKee	630-837-5640	Manufacturer of headwork systems, screen pumps, and septage receiving units.
1013	Leopold (a Xylem Brand)	Wayne	Steen	704-409-9750	Xylem's Leopold brand is a leader in rapid gravity media filtration and clarification solutions for the water and wastewater industry.
115	Lone Star Blower	James	Cook	832-532-3112	Lone Star Blower, Inc. is a manufacturer, packager, and service company for blower and blower control systems with representatives located throughout North and South America and beyond.
1111	MCR TECHNOLOGIES, Inc.	Kamran	Peyman	949-333-9277	Flow Meters, Pressure Transmitters, Level Instrumentation, Samplers, Auto Dealers, Controllers, Chart Recorders, Analytical Instrumentation, Gas Detection Products.
1706	Midpoint Bearing	Henry	Barragan	909-391-1466	Distributors of Bearings and Power Transmission Products. Bearings and Parts for Vertical Pump Motors and Electric Motors, Pillow Block and other Mounted Units, Belts and Pulleys.
102, 104 & 106	MISCOwater	Penny	Darlington	925-225-1900	MISCOwater provides process and equipment solutions to the municipal water, wastewater, and energy markets.
712, 714 & 716	Multi W Systems Inc.	William	Wang	626-401-2627	Multi W Systems is a water and wastewater equipment supplier. We aid engineering consultants and end users with designs and selections. We supply custom UL controls and pumps for a variety of applications from various US Manufacturers.
1414, 1416, 1418, 1420, 1513, 1515, 1517 & 1519	Municipal Maintenance Equipment	Tim	Powers	916-922-1101	MME will display the Van-Con Combination and Storm Drain Cleaner, Rausch CCTV Camera Systems, PipeHunter, SRECO, ENZ Nozzles, Shamrock Tools, and UEMSI Pipe Cleaning Tools.
119, 121, 122, 124, & 126	MuniQuip, Inc.	David	Giersch	916-787-5641	Municipal & Industrial water and wastewater pumping and process equipment.
719	National Plant Services, Inc.	Michelle	Beason	925-262-7366	Sewer maintenance and rehabilitation services, including trenchless technologies, cleaning, CCTV.
1711	Nexom	Will	McHale	208-209-0391	Your source for energy-efficient treatment process technologies that help you solve nutrient removal and other wastewater treatment challenges.
1415 & 1417	Norchem Corporation	Kevin	Minissian	323-221-0221	Norchem engineers and manufactures advanced wastewater treatment recycling systems for commercial use. We will exhibit our Ultrapure Filtration System for Wastewater Process, Water and Reclamation.
1137	North American Specialty	David	Valdez	714-313-4808	Restraint joint municipal PVC pipe.
313	NOV-Moyno	Andy	Kosiak	260-450-4783	We started in the Early 1900's to manufacture pumping equipment & systems. Since then we have expanded our product lines, created packaged systems and now provide after market support to meet customer needs. Our product brands include: Moyno TM & MonoTM branded pumps, screens and grinders. Industrial Markets brings energy and integration expertise to strong brands that deliver high quality, technology driven equipment, services and support to various industries fundamental to our lives.
1012	Ovivo	Karen	Haddow	801-931-3311	Ovivo Repair & Rebuild Services provides our customers with innovative solutions and unmatched support to make the very best use of their existing drinking water and wastewater equipment.
726, 728, 730, 732, 825, 827, 829 & 831	Owen Equipment	Ed	Hodges	707-422-2333	Owen Equipment Company is an authorized distributors for Elgin & Vactor street sweepers, sewer cleaners, & hydro-excavators, Sonetics Wireless Headset, Vivax Metrotech locating and line detection, Cues CCTV inspection equipment, Falcon Road Maintenance equipment, DuraPatcher & Triple-L trailers.
1016	Parkson Corporation	John	Deogracias	888-727-5766	Parkson is a supplier of equipment and solutions for portable water, process water, and industrial and municipal wastewater applications.
630	Pearpoint	Ray	Bates	760-343-7350	Pearpoint Products designed for pipeline inspection used by municipal industry, manufacturing petro chemicals and residential. Designed to work in treacherous terrain of active foul watersewers and potentially explosive environments they pull the furthest resulting in fewer interruptions and greater productivity.
814	Petroleum Solids Control	Eugene	Rogachevsky	562-424-0254	Equipment rental company specializing in centrifuges for wastewater treatment across many industries.
1231	Pinnacle Advanced Reliability Technologies	Laura	Hudson	281-217-0823	Design, implement and maintain comprehensive asset reliability and integrity programs.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
1705	Pipelogix, Inc.	Thomas	Cazares	866-299-3150	Pipelogix survey software for pipe, lateral, grout or manhole inspections, compatible with all CCTV systems. PACP/LACP/MACP certified, GIS interface. Backed by outstanding Support and Service.
1731, 1732, 1734 & 1735	Plumbers Depot Inc.	Martin	Jose	310-355-1700	Sewer Equipment, Parts and Accessories.
813, 815 & 817	Ponton Industries	Josh	Peters	714-998-9073	Specialize in providing customers with complete solutions to their flow, temperature, pressure and process control equipment.
902 & 1002	Predl Systems North America	Jed	Friesen	855-773-3562	Predl Systems North America Inc. provides wastewater resistant thermoplastic liners to protect concrete manhole structures from corrosion due to H ₂ S gas and abrasion. Predl Systems is a cost-effective full-service solution provider of proven custom and standard products with the added value of support services, professional expertise and years of know-how. We deliver precast manhole liner solutions for municipal sanitary sewer utilities through local Certified Precaster partners.
203	Pro-Pipe	Jason	Walborn	949-380-4161 (1020)	Pro-Pipe leads the Western U.S. in assessment, cleaning and repair of underground infrastructure, including crossbore inspections. Impressive fleet, newest technology and experienced crews.
1117	QCEC	Jim	Warren	515-266-2268	Quality Control Equipment Company has been engineering and manufacturing high quality vacuum pump wastewater samplers and flow meters throughout the world since the 1960's.
818	Qualtrax	Leah	Morse	940-230-3044	Qualtrax is a quality management solution that helps simplify the demands of accreditation to ISO, TNI, AAVLD, CAP and other standards.
116	Raschig USA, Inc.	Kevin	Haggerty	281-770-7281	Tower Packings, Distillation Trays, Tower Internals, Plastic and Metal Packings, Random and Structured Packings, Liquid Distributors, Support Plates, Mass Transfer and Separations, Mist Eliminators, Mechanical Design, Auto-Cad Drawings
906	Raven Lining Systems	Sara	Bollinger	918-615-0126	Raven presents the AquataFlex series, the next generation of protective coatings. The AquataFlex 505 and 506 are versatile novolac epoxy polyurethane hybrids.
118	RDP Technologies	Rob	Christy	610-650-9900	We specialize in Lime Prep and Feed Systems for the Water Industry, Class A and Class B.
1017	Rexa	Erik	Saitta	508-584-1199	At REXA, our mission is to deliver world-class, high performance, and reliable products and services. Through innovative engineering, design and an unwavering commitment to customer satisfaction.
802, 901	Rockwell Engineering and Equipment Co.	Brad	Rockwell	714-505-9700	Rockwell Engineering offers unique, new energy efficient solutions from conceptual design and equipment selection through installation, startup, training, troubleshooting and service. Rockwell operates as a specialty" design engineering firm and manufacturers' representative for the industrial, wastewater, food, wine and agricultural markets. With specialty in Chopper Pumps."
627, 629 & 631	Rockwell Solutions	Kent	Rockwell	949-275-8400	Quality wastewater treatment equipment.
1120	RootX Root Control	Jarrett	Jackson	800-844-4974	Manufactures of chemical root & grease control products that can be used in-house with existing crews & equipment, to prevent sewer back-ups and costly overflows.
816	Rotork Controls, Inc.	Tom	Roberts	707-769-4880	Rotork is a leading manufacturer of intelligent multi turn, part turn, rotary linear electric actuators, supported by work class manufacturing facilities across the globe.
1015	RP Adams	Steve	Burget	716-445-4060	For 75 years, R.P. Adams has provided Industrial Filtration equipment, Automatic Water Strainers, Shell and Tube Heat Exchangers, Aftercoolers, and Cyclone Separators to meet our customers needs.
1711, 1712, 1713, 1714, 1715, 1716, 1717, 1718 & 1719	Saddleback Environmental Equipment	Brendan	Pawloski	949-290-6330	Equipment manufacturers' representative, distributor, technical service and specialty "design firm."
620	Sage Designs, Inc.	Ken	VandeVeer	415-331-8826	Sage Designs provides open architecture SCADA & Security products and training, including Schneider Electric SCADA Pack, ClearSCADA, Tri & Accutech SCADA; Droid Teledesign radios; and WIN-911.
1223	Sancon Engineering, Inc.	Chris	DiBenedetto	714-891-2323	Trenchless technology, rehabilitation of water, sewer pipelines, structures, industrial related infrastructure.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
1013	Sanitaire (a Xylem Brand)	Bijan	Baghernejad	414-365-2200	Sanitaire - Xylem's Sanitaire brand offers industry leading diffused aeration, SBRs and oxidation ditch wastewater treatment systems with monitoring and controls for sustainable, reliable treatment performance. www.sanitaire.com/us
811	Sauereisen/J. A. Crawford Co.	Michael	Keating	925-989-8633	Sauereisen manufactures protection coatings and linings for corrosion protection of concrete infrastructures. Substrate Repair, Resurfacing, I/I and Corrosion-Resistant Lining materials for new construction and rehabilitation projects will be exhibited.
1712	Schwing Bioset	Josh	Divalintino	714-247-3433	Your complete solids handling provider, helping water and wastewater treatment plants, mines, and industrial customers by engineering material handling solutions.
411	Sekisui SPR Americas, LLC	Ryan	Shallenberger	404-520-6150	Trenchless pipeline rehabilitation solutions for gravity, pressure and potable water.
1318	Sewer Shark	Robert A.	Englent	209-993-5549	Sewer Shark is a brand new patent pending sewer jet bucket for cleaning truck sewers.
733	SFE Global	Mike	Lemmen	604-788-8905	Sewer and Stormwater Flow Monitoring, Water Quality Monitoring and sampling, Pipeline Pigging and Swabbing Pipeline Condition Assessments, Sewer Smoke Testing, Reservoir Cleaning and Inspections.
114	Shand & Jurs	Neil	Rudnik	708-236-6000	The Shand & Jurs product line has been designing and manufacturing industrial tank equipment for nearly 90 years.
1010	Siemens Energy	Mitch	Hylen	281-795-3637	Siemens/Turblx is a supplier of single stage integrally geared blower systems.
809	Skalar, Inc.	Mark	Payne	770-416-6717	Skalar manufactures automated laboratory analyzers for compliance monitoring: SP2000 Robotics for BOD/ph/EC/Alkalinity, SANh for nutrient analysis with on-line digestion/distillation, Formacs for TOC/TN and Blue Vislow for discrete analysis.
1512	Smart Cover Systems	Bambi	Golden	760-291-1980	Monitoring systems for open channel flows including sanitary sewers, stormwater systems and environmental water systems. Data acquired via the cloud.
208	SNF Polydyne	Rawlin	Castro	912-880-2061	Polyacrylamide polymers for use in water and wastewater treatment.
412	Southland Water Technologies	Kent	Bricker	800-795-5231	Wireless managed SCADA, well level sounders, blower filtration, large bubble missing online process analyzers.
310	Spirac	Jill	McCusker	770-683-0279	Spirac is an innovator and world leader in solids receiving, conveying, storing and outlanding. Municipal dewatered sludge handling and storage systems are our primary focus; however Spirac also offers conveying, dewatering & washing solutions for Screening, Grit, and Industrial applications.
409	Sterling Water Technologies	Tim	Coyne	215-359-6200	Sterling offers various specialty chemicals including but not limited to corrosion inhibitors, coagulants, flocculants, state of the art odor controls and struvite prevention.
1721	SUEZ	Hao	Pham	804-240-0860	Suez provides integrated equipment solutions and services to help municipalities meet their water treatment challenges for a wide range of applications; drinking water, wastewater, and biosolids management.
1714	Sulzer/ABS	Richard	Barile	360-787-3287	Offers the most up-to-date range of pumps, submersible mixers and agitators, aeration systems, high speed compressors and equipment controllers, supported by a worldwide service organization.
1139	Sunbelt Rentals, Inc.	Carrie	Gordon	803-578-5497	Sunbelt Rentals Pump & Power Services offers a wide selection of pumps. Visit sunbeltrentals.com or call 800-736-2504 to learn more.
1225	Sustainable Generation/Gore Cover	Brian	Fuchs	610-733-4078	Sustainable Generation is the authorized supplier of GORE's Cover technology. The world leading compost technology meeting VOC emission standards, is EPA 503 compliant for producing high quality Class A biosolids compost. Contact bfuchs@wlgore.com
1514 & 1613	TEKDRAULICS	Jim	Denton	949-633-6128	Serving Southern California Municipalities for over 30 years by providing Pumping Solutions for Wastewater/Collections, Water Treatment/Booster Station/Distribution Wells - Cornell Pump Co. and Xylem Goulds.
819	Tesco Controls, Inc.	Jerry	Horst	916-395-8800	Full Systems Integrator meeting YOUR specification and needs: (MCC) Motor Controls, Pump Controls, Instrumentation, Telemetry, PLC's SCADA Systems, Engineering, Design-Build Services Service Contracts.
1322	Titus Industrial Group, Inc.	Lewis	Titus	541-389-1975	Titus Industrial Group represents a group of quality companies supplying the Wastewater, and Storm Water Industries with products to solve the toughest maintenance problems.
1713	Tonka Water	Nick	Brogren	763-559-2837	Provider of treatment systems for ground water, surface water, and tertiary applications nation wide since 1956.
635	TRIPAC Marketing Inc.	Bill	Foster	951-280-4488	Valve Boxes, Bolts, Gaskets Manhole Covers.

Annual Conference 2017
Celebrating The People Of Water
April 25-28, 2017 – Palm Springs, California
Exhibitor Listing

Booth	Company	First Name	Last Name	Phone Number	Company Description
1016	TrojanUV Technologies	Jordan	Fournier	519-457-3400	Trojan UV-Ultraviolet Water Disinfection Salsnes Filter-Eco-Efficient Solids Separation. Your first and last step in wastewater treatment.
309	UET				UET engineers and manufacturers mixer products for the water an the wastewater treatment markets. Our core competency is our engineering expertise to solve a mixing problem.
720	UGSI Chemfeed	Gloria	Rock	856-896-2166	UGSI Chemical Feed is the leader in chemical feed and polymer activation with Poly Blend dry and emulsion polymer feed systems, Encore diaphragm metering pumps, dry chemical feed systems and Varea-Meter variable area flow meters.
1719	Ultraflote	Mathew	Sumbera	713-461-2100	Designer, manufacturer and installer of aluminum cover roof systems for the water and wastewater industry.
217	Underground Solutions Inc.	Lisa	Hopp	858-679-9551	Fusible PVC pipe products in diameters 4'-36' designed for trenchless or conventional "open-cut" installations. Includes Fusible C-900, Fusible C-905 and EPVC.
910 & 912	United Rentals - Pump Solutions	Neil	Ripley	480-558-2262	Sewer bypass pumping, dewatering pumping systems, general pump rentals, diesel driven trailer mounted centrifugal pumps, electric submersible pumps, pump sales.
414	Unity Scientific	Irvin	Lucas	203-448-9815	Unity Scientific will be exhibiting analyzer that can be used to perform up to 8 chemistry analysis on a single water sample of 4ml.
210	USP Technologies	Nina	McLendon	404-352-6070 (105)	USP Technologies is a leading provider of peroxygen based technologies and full-service chemical treatment programs.
211	V & A Consulting Engineers	Karol-Lynn	Reed	510-987-8118	V & A is a small business with a successful reputation and long-established history providing responsive services in the disciplines of corrosion engineering, condition assessment, coating systems management, flow monitoring, odor control, and asset management.
624	Valmet, Inc.	Tony	Guerra	360-608-1585	Valmet offers superior solids measurement solutions for the wastewater treatment plants based on years of experience. Valmet's solid sensors provide for all sludge processing stages.
309	Walker-Process	Randy	Stevenson	630-621-7528	Walker Process Equipment, Division of McNish Corporation, has been a major supplier of equipment to the water, wastewater and industrial wastewater marketplace for over 70 years.
1320	WaterTalent	Peter	Brooks	424-832-7217	Temporary water industry staffing.
109	Watson Marlow	Bill	Schiller	713-299-5455	Watson-Marlow Fluid Technology Group (WMFTG) is the world leader in niche peristaltic and sinusoidal pumps and associated fluid path technologies.
913	Websoft Developers, Inc.	Sean	Dingman	916-501-1590	Low-cost, map-based mobile maintenance and compliance management systems. Quickly implement tools that provide the information the field needs and gather the data you want.
310	Wemco	Ryan	Heath	801-608-8709	WEMCO Pumps is a Salt Lake City, Utah based manufacturer of the Hydrogritter Grit Removal system, Torque-Flow Grit Pumps, Screw-Flow, single vane high efficiency solids handling pumps, Chop-Flow chopper pumps and WEMCO Self-Primer pumps.
909	West Coast Safety Supply, Inc.	Stephanie	Prescott	760-635-9237	Sewer Tools, Confined Space Equipment, Rodding, Jetting Equipment, Chemical Root Control, Vaporooter.
108	WesTech	Marshal	Palm	801-265-1000	WesTech engineers and manufacturers process equipment to provide solutions for customers in the industrial, mineral, municipal water, amd municipal wastewater industries.
1017	Whipps	Stewart	Randy	978-340-7612	Whipps, Inc. is the market leader for high-quality fabricated gates for the water/wastewater industry in the United States and we stand ready to play an ever expanding role in the water control gate industry in the years ahead.
311	Wilo-USA				Wilo-USA is a leading manufacturer of high quality and submersible mixers for the municipal water and wastewater industry.
1219	WinCan LLC	Freddie	Garcia	412-841-5030	Software for the inspection and management of waste and storm water infrastructure.
1723, 1724 & 1725	Xylem Flygt Products	Graham	Hackett	707-317-4707	Submersible pumps for use in wastewater treatment and collections. As well as monitoring and controls for use in wastewater collections and treatment.
1707	Zebron	Gregory	Hex	714-632-6690	Zebron cures faster than a speeding bullet, can coat the tallest building in a single application and is stronger than a powerful locomotive.
